BOARD OF REVENUE

LAND REVENUE AND SETTLEMENT

GOVERNMENT OF MADRAS

B6452

Revenue Department.

Memorandum No.1898 A.D/30-4, dated 19th November 1931.

Land (Bellary) - Bellary S.No.522/1-Ownership - Proceedings of the Board of Revenue, Land Revenue and Settlement, No.5775, Rout. dated 23rd October 1931.

In his letter No.Ref.C.1823/31-B4, dated 30th June 1931 (submitted with the Proceedings of the Board of Revenue quoted above) the Collector of Bellary has stated that items (e) L.E.S. roads (f) cantonment roads and (g) cantonment lanes and streets referred to in his letter, though laid out by the military authorities, were highways dedicated to the public and that they cannot be considered to have been in the unconditional occupation of the Government of India on 1st April 1921. Items (f) and (g) are C class lands which originally vested in the cantonment authority and on the abolition of the Cantonment from 1st July 1930 they vested in the Bellary Municipal Council by virtue of section 6(1) of the Cantonments Act 1924 and G.O.No.2552, L&M, dated 26th June 1930. The L.E.S. roads referred to in item (e) however, are classed as A.I. lands (i.e) lands which were actually used or occupied by a department of the Army or the Royal Air Force in India. They were laid out by the military authorities for military purposes and cannot be considered to be public roads within the meaning of section 61(1) of the Madras District Municipalities Act, 1920. Since they were in the occupation of the Government of India on 1st April 1921, their disposal will be governed by the Land Transfer Rules issued by the Secretary of State. Under these rules the Government of India are entitled to remain in undisturbed possession of these roads so long as such occupation is necessary for the effective discharge of their duties. If the Government of India do not require them, the Local Government

Government can exercise the option of assuming possession of them. If the local Government do not desire to exercise this option the Government of India are free to dispose of the lands to third parties in such manner as they think fit. If the Municipal Council wants these lands, the conditions of their transfer will be for settlement between the Municipal Council and the Government of India. The Board of Revenue is requested to ascertain from the Collector of Bellary and report (1) whether there is anything to show that the Government of India no longer require these roads for their purposes and (2) whether the Government of India at any time specifically sanctioned the transfer of these roads to the Municipal Council, Bellary and if so on what terms.

Land-(Bellary)- Bellary- C.No. 522/1- Ownership.
Board's Ref. B.No. 6452/31-1- dated November 1931.

I have obtained from the Garrison Engineer, Bangalore, a list and a map of the M.E.S. roads in Bellary Cantonment. I find that the list corresponds with one sent to the Board by the General Officer Commanding, Madras District in a letter dated 11-10-1929. See your Ref. No. B. 4283/31-1. The General Officer Commanding said these roads are now no longer required by the military and asked if any were wanted by the various departments of Government and which might be abandoned.

Of the roads in the list, one ends at the Rifle Range and is presumably required for military purposes during the volunteer camps periodically held at Bellary: one leads to a cemetery and should therefore be taken over by the Local Government, whose duty it is to maintain the cemetery. The others are used by the general public and have been so used, without any objection being made and without any assertion of special rights by the military authorities for many years.

I submit that the letter from the General Officer Commanding, Madras District, which I quoted above shows both that the Government of India no longer require these roads

for their purpose and that they intended to relinquish their claim to any property in the roads, even if they never specifically sanctioned the transfer of these roads to the Municipal Council, Bellary. If a road is not periodically closed to indicate that it is not public, it will automatically become public, as these roads have and therefore all the sanction required for the transfer of control over them to the Municipal Cpuncil was furnished by the notification published under G.O.No. 2552 L & M., of 26-6-30, extending the boundaries of the Municipality.

I venture to suggest that it is a waste of time to dispute the claim of the Municipality. The land has obsolutely no market value No house sites are required in that direction, as the town is spreading to the South and East, nor would anybody wish to undertake cultivation in such worthless soil. Third parties will certainly make no offers for these roads. On the other hand, the Municipality has already und-rtaken to maintain them- apart from two (Martin road and Chapel road) whose maintenance was undertaken by the Superintendent, Alipuram Jail and has begun to levy Municipal taxes from the occupants of the numerous bungalows and premises in the Cantonment and Fort who require the roads as roads and not for any other purpose. These roads are in fact the ordinary thoroughfares; they include the principal roads in the residential region of the Cantonment, and the main street of the lower Fort, on which abut the shops, the church, and the Post Office.

periodically held at Bellary, all the roads are used as ordinary thoroughfares and are no longer required for military purposes. The Board recommends that of these roads, the Local Govt. may take over for maintenance the Cemetery Road leading to the cemetery and the Martin Road & the Chapel Road whose maintenance has already been undertaken by the Superintendent Alipuram Jail) in clearing the other roads to be maintained by the Municipal Council -- that the Govt. of India may be addressed to transfer these roads to the Local Govt and the Municipal Council free of cost, as the land, subject to right of way has absolutely no market value.

Letter from the Secretary to the Government of Madras,
Revenue Department,
To the Secretary to the Government of India, Army Department,

Dated the 1st April 1932,

No. 1398 A R/32-6

Subject.- Transfer - Roads - Military (Bellary) - Local Government.

In his letter No. 3397/106/G., dated 14th October 1929 (copy enclosed), the General Officer Commanding, Madras District forwarded to this Government a list of the roads at Bellary previously maintained by the Military authorities which were no longer required by them and enquired if any of the roads were maintained by the departments of this Government. It was in order in reply that when the Bellary cantonment area was included in the Municipality, the maintenance of the roads lying in that area would automatically devolve on the Municipal Council. The Collector of Bellary reported that the Bellary Municipality was already maintaining the maintenance of all the roads except two. The maintenance of the two excepted roads has been undertaken by the P.W.D. department of this Government. In his letter No. [illegible], dated 24/10/30 forwarded with the letter of the Government of India, Army department, No. [illegible]-L (M.G. 4), dated 9th March 1931, the Military Estate Officer, Madras Circle, stated that the roads in question had been classified in the Genl. Land register of the Bellary Cantonment as Civil lands. The roads do not appear to have been formally transferred to the Municipal Council or to this Government by the Government of India for maintenance. They are partly ordinary thoroughfares and include the principal road in the residential portion of the cantonment and the main street of the lower portion which skirt the Church, the post office, and shops. The Government of Madras presume that the Government of India will have no objection to the maintenance of these roads by the Municipal Council or by the departments of the local Government as may be decided on by them and that the Government of India will expect no compensation. The roads are formally transferred to the local Government [illegible] soon.

* Alienation - Roads - Military - Bellary Town (R) - Municipal Council.

---

p39cf. Ref:- Board's Ref. B.6402-61-9 dated 10-4-33.

The roads to be alienated in favour of the Bellary Municipal Council are in big minor circuit blocks classed in village accounts as village sites. It is not possible to survey the roads without special staff consisting of a Deputy Surveyor with a peon and four chainmen for a period of six months. The area of the road portions has been computed taking the width of each road as 66 feet. A statement showing the area of the several roads and the survey numbers in which they lie and a tracing of the roads from the Cantonment map are enclosed. The total area to be alienated in favour of the Municipal Council is Ac.107-25.

2. Consequent on the abolition of the Cantonment, the limits of the Municipal Council were in G.O.Ms.P.2052 L & M. dated 26-6-1930 extended so as to include the Cantonment area. Under Sec. 61 of the District Municipalities Act, all these roads are now vested in the Municipal Council. Since these roads originally belonged to the Government of India and reverted to the Local Government on the abolition of the Cantonment, the roads have now to be formally alienated in favour of the Municipal Council. I am therefore of opinion that a regular survey

of the block is not necessary to sanction the alienation.

3. I recommend that the value of the trees on these roads may be foregone.

Alienation - Land and Revenue Deliver, Loan - Roads Bellary Municipal Council Delivery. Board's Mem. No. B. 4652/31-1C dated ...12.33.

I answer below the points raised by the Board.

(1) The total length of the 20 roads is 13½ miles. It will take nearly seven months for one special Deputy Surveyor one peon and two chainmen to survey the roads and the re-maining portions of the minor circuit fields at the rate of two miles per month. The cost of the special staff for this period comes to Rs.920 as detailed below.

1. Dy. Surveyor (on revised scale of pay (30 - 3/2 - 66 - 4/2 - 70)	70- 0-0

2 Chainmen @ Rs.12/- each	24- 0-0
Total	131- 0-0

for seven months. Rs.920/-

A copy of the resolution of the Municipal Council is enclosed.

2. The value of the trees on each road is given below:-

I recommended that the tree value may not be collected from the Municipal Council as it is unlikely to agree to pay it because it will not be able to make any use of the trees. The trees are all of spontaneous growth and not avenues or other tended growth so that the Government of India does not deserve payment as return for capital or labour invested on the trees. In a public speach recently given the Chairman, has expressed the inability of the Council to ~~presume~~ preserve trees anywhere in its limits. The scarcity of trees in this locality leads to indiscriminate mutilation for feeding goats and fire wood which does not seem to shock public opinion. The trees in the ex-cantonment area are therefore of no real value to any one except the thief and ~~and~~ such value as we may put on them is fictitious. However they have been valued in the usual manner and the total valuation is Rs.3232-11-10. This has been made by the Revenue Inspector and not checked by the Tahsildar. The latter could only make a rough estimate, because the boundaries of the roads are not laid on the ground, the roads are 13½ miles long and in a part not frequented by the Tahsildar or other

people on the town so a check could take an undue part of his time. It might be as well to ask the Government of India whether they make any claim for trees and if so what, before endeavouring to get this money from the council. If however it is demanded from the Council, it might be set off against the claim they have already made for municipal taxes on the land and buildings in the ex-Cantonment.

Alienation - Land and revenue - (Bellary) - Bellary Town - Roads - Military - Municipal Council, Bellary - Board's Ref.No.B.6452/31-11, dated the 23rd February 1934.

The Board of Revenue is requested to ask the Collector of Bellary to ascertain and report whether the Municipal Council, Bellary, is willing to bear the cost of the survey of the roads. If it agrees, the work may be expedited by appointing two deputy surveyors for a period of about three and a half months instead of one deputy surveyor for seven months as proposed by the Collector. ENCLOSURES

SPARE COPIES

Alienation - Land and Revenue - Bellary town - Roads Military - municipal Council, Bellary.

Board's Ref.: 6452/31-22 dated 22.8.34.

The Commissioner has reported that the municipality is too poor to bear the cost of the survey as proposed but thinks that under the latest survey rules the resurvey of roads is unnecessary and that they may be measured as ordinary sub division numbers under B.P.No. 58 Press dated 30.4.34. This will reduce the cost of demarcation by half. The staff roughly required for measuring the sub divisions is noted below:--

	Rs.
(i) Two Deputy Surveyors on Rs.30-3/2-60-4/2-70 for 2½ months, the avarage pay of each being Rs.45/-	225
(ii) One Draftsman on Rs.30-3/2-55 for one month, the avarage pay being Rs.43/-.	43
(iii) Two peons and four chainmen on Rs.12/- each for 2½ months (three for each Deputy Surveyor).	180
(iv) One peon to work under the Inspecting Tahsildar for one month during his inspection of the work.	12
Total.	460

As this is not much I will ask the Commissioner to obtain the consent of the Council to pay the cost of the sub division work and expect to make a further report about 15th November

2/ The Collr. refers to the Correspondence in B.O mis no 180, dt 20.1.1930 and states that a the letter from the General Officer Commanding Contained therein shows that the Govt. of India no longer required these M.E.S. roads and that they intended to relinquish their claim to any property in the roads, the claim of the municipality to these roads may be taken for granted.

(Y)

It is not known what action was taken by the Govt. on B6 180 mis dt 20.1.1930, but it is clear that the Govt. of India have not formally relinquished their rights to these roads and

transferred the roads either to the Municipality or to the Local Govt. Now the Military States Officer claims ownership of these roads. The claim of either the Municipality or the Local Govt. cannot, therefore, be taken for granted. p. 8 ty (C)

Since removed

p 136 of the linked file

p 10 nf. Please see the remarks of Mr. regarding the question of survey of the 20 roads ~~proposed to~~ for which alienation proposal has been called for by Govt.

p 37 cf. It seems quite necessary to survey the roads before they are alienated. Though the collr. admits that a survey is necessary

para 2 at pp 43-44 cf. the collr has given only rough idea of the area covered by these roads. If it is decided that the survey is necessary, then the question arises as to who should bear the cost of the survey whether Govt or the municipality. The roads being proposed to be alienated to the municipal Council, it seems but reasonable to expect the municipal Council to bear the cost. Section will please note further on the point with reference to the orders on the subject. If the Council is to bear the cost, ~~it~~ its consent must be obtained before addressing Govt for sanction of special staff for survey.

1/ 4 5 and. 51 cf. 28/5/2 The collector reports that a special staff is

Necessary for surveying the roads in question. Under paragraph 5(c) of G.O. No. 1491 Rev. dy 26.7.29 the entire cost of survey of roads should be debited to the local boards if a special staff is employed for the survey work. On this analogy the cost of survey of the roads in question will have to be borne by the Municipal Council, Bellary.

p 39 (V) BP. 62 Rev 9-8-29

7.2.34 8.2.34 by 7.2.34.

The Govt have been pressed for an early reply. There is therefore no time to ask the Collector to ascertain from the Municipal Council whether it agrees to bear the cost of the survey or to decide whether the tree value can be set off against the claim for Municipal tax. On both the points the Council has to be consulted and this means further delay.

H 11 & 17 n.f. above

The Collectors reports on H 43-47 and 57-55 cy may be

Twenty roads in Bellary Town which were previously maintained by the military authorities were transferred to the local government free of cost by the Govt of India in their letter No 58-RL/A.D 4 dated 16th July 1932. Then the Govt called for proposals for alienation of these roads to the Municipal Council Bellary. In this connection it was represented to the Govt that a survey of the roads was necessary if they were to be formally alienated. The Govt agreed and called for proposals for the employment of a special staff if the Municipal Council agreed to bear the cost of the survey

In his letter at pp 63-64 C. the Collector has submitted proposals for the employment of a special staff. In his letter at p 67 C. he has submitted the resolution of the Municipal Council agreeing to bear the cost of the establishment. The

5 proposals may be recommended to Govt for sanction

The expenditure on account of the Special Staff is debitable in the first instance to "5.a. Land Revenue—Charges of Administration—A. Taluk establishments" and recoverable from the Municipal Council. The expenditure may be met from the provision in B.E. for 1934-35 under the above mentioned head and an application for additional allotment will be made in December next, if necessary.
